(A) ABOUT ME

I am a first-year B.Tech Mechanical Engineering student at JECRC University, Jaipur. I completed my Senior Secondary education with PCM in 2026 and joined Mechanical Engineering in 2026. I am currently building my foundation in engineering, programming, CAD, digital technologies and AI while exploring my interest in automobiles and automotive technology.

INTERESTS

Automobiles and automotive technology

Mechanical Engineering

Edit with  ×

CAD and 3D modelling

Digital technology and AI

Programming

Cars and automotive design

CAREER GOAL

To develop strong technical and professional skills during my Mechanical Engineering degree and build a career in the engineering and automotive/technology field.
